The Smallest Things Make The Biggest Difference...

**Welcome to the Blind
Center of Nevada!**

Each day visually impaired individuals enjoy a warm, welcoming environment at the Blind Center of Nevada and for many, the work opportunity and social activities have become a way of life. The Blind Center strives to create a positive social setting and support system outside the home for individuals who are blind or visually impaired. The Blind Center of Nevada offers programs and activities, both on and off-site that are designed to encourage independence and improve the quality of life for individuals with visual limitations.

The overall goal of the Blind Center of Nevada is to meet the challenges of the blind and visually impaired and create new hope for all who have lost the gift of sight.

**Kindness is the language
which the deaf can hear
and the blind can see.**
